Find the following words in the puzzle.  
 Words are hidden  $\uparrow$   $\downarrow$   $\rightarrow$   $\leftarrow$  and  $\swarrow$

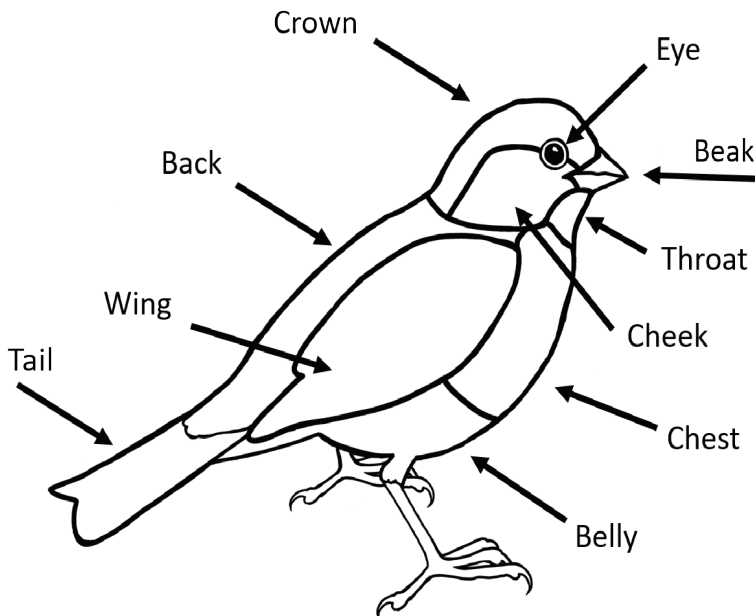

- |                      |               |        |
|----------------------|---------------|--------|
| Black-throated Green | Yellow-rumped | Yellow |
| Black and White      | Prothonotary  | Palm   |
| Orange-crowned       | Waterthrush   |        |
| Blackburnian         | Tennessee     |        |
| Yellowthroat         | Magnolia      |        |

# Life Cycle Walk

Find an interesting plant or animal in your backyard or neighborhood, and think about its life cycle. What do you think the different phases of your organism's life cycle are? What phase is it in now?

# Backyard Birds

Learning to identify birds is one of the best ways to learn about them, their life cycle, and how we can support their habitat. Color in this diagram to learn the basic visual features of a bird that are used to identify different species.

# Nature in My Backyard

Mini-Journal & Activity Book
